## Code of Conduct for School Governing Body

This code sets out the expectations on and commitment required from school governors in order for the governing body to properly carry out its work within the school and the community.

The governing body has the following core strategic functions:

Establishing the strategic direction, by:

- Setting the vision, values, and objectives for the school
- Agreeing the school improvement strategy with priorities and targets
- Meeting statutory duties

Ensuring accountability, by:

- Appointing and performance managing the headteacher
- Monitoring progress towards targets
- Engaging with stakeholders
- Contributing to the school self-evaluation

Ensuring financial probity, by:

- Setting the budget
- Monitoring spending against the budget
- Ensuring value for money is obtained
- Ensuring risks to the organisation are managed

As individuals on the governing body we agree to the following:

### Role & Responsibilities

- We understand the purpose of the body and the role of the headteacher.
- We accept that we have no legal authority to act individually, except when the body has given us delegated authority to do so, and therefore we will only speak on behalf of the governing body when we have been specifically authorised to do so.
- We accept collective responsibility for all decisions made by the body or its delegated agents. We will not speak against majority decisions outside the governing body meetings.
- Upon communicating formally within our governing role we will ensure any comments reflect the school policy even if they differ from our personal views.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.

- We will encourage open government and will act appropriately.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school. Our actions will reflect this. We will promote our school values both within and outside our school.

Respect

Equality

- In making or responding to criticism or complaints affecting the school we will follow the procedures established by the governing body.
- We will actively support and challenge the headteacher.
- We will accept and respect the differences between the strategic board role and the staff day to day operational and management role, avoiding actions that may undermine these arrangements.
- We agree to adhere to the school's rules and the policies and procedures we approve as a board as set out by the relevant governing documents and law.
- We will agree to abide by the school e-safety protocols for social media and when communicating in a private capacity will strive to uphold the reputation of the school.

#### Commitment

- We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy and in addition we accept that we must comply with the GB request for an enhanced criminal records certificate within 21 days of gaining office.
- We will each involve ourselves actively in the work of the governing body, and accept our fair share of responsibilities, including service on committees or working groups.
- We will make full efforts to attend all meetings and where we cannot attend explain in advance why we are unable to.
- We will get to know the school well and respond to opportunities to involve ourselves in school activities.
- We will visit the school, with all visits to school arranged in advance with the Headteacher and undertaken within the monitoring visit framework including policy and schedule, established by the governing body.
- We will consider seriously our individual and collective needs for training and development, and will undertake relevant training.
- We accept that in the interests of open government, our names, terms of office, roles on the governing body, category of governor and the body responsible for appointing us will be published on the school's website.
- In the interests of transparency we accept that information relating to governors will be collected and logged on the DfE's national database of governors (Edubase) with updates to any changes made as soon as possible.

### Communication

- We will participate fully in meetings and will have read all papers beforehand.
- We will forward any queries regarding school policies to the Headteacher prior to the meeting at which they will be approved.
- We will use our school and no other email address for governor business.
- We will respond to emails with 5 days unless stated as sooner.
- We will respond to any requests from the Clerk within 5 days unless stated as sooner.

### Relationships

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors and the clerk to the governing body.
- We will support the chair, vice chairs and committee chairs in their roles of ensuring appropriate conduct both at meetings and at all times.
- We are prepared to answer queries from other governors in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the all stake holders including the headteacher, staff and parents, the local authority and other relevant agencies and the community.

### Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school.
- We will exercise the greatest prudence at all times when discussions regarding school business arise outside a governing body meeting.
- We will not reveal the details of any governing body vote.
- We will ensure all confidential documentation is securely stored and disposed of appropriately.

### Conflicts of interest

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the governing body's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting we will offer to leave the meeting for the appropriate length of time. We accept that the Register of Business Interests will be published on the school's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.
- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing body.

### Breach of this code of conduct

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate; the governing body will only use suspension/removal, ensuring statutory guidance, procedures and regulations are followed, as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- We understand we are expected only to exercise the power to remove an elected governor, with a five year disqualification term, in exceptional circumstances where the actions or behaviour of the elected governor warrants removal rather than suspension.
- Should it be the chair that we believe has breached this code, another governor, such as the vice chair will investigate.

#### The Seven Principles of Public Life

**Selflessness** - Holders of public office should act solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

**Integrity** - Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

**Objectivity** - In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

**Accountability** - Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

**Openness** - Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

**Honesty** - Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

**Leadership** - Holders of public office should promote and support these principles by leadership and example.
