25th April 2018

Dear Parents / Guardians

Auditory Processing Information Event – 24th May 2018, 7.30pm

Following on from our collaborative work with University College London, we are very excited to welcome Professor Stuart Rosen to Bishops Down Primary School to give a talk about Auditory Processing Disorder. Stuart currently holds the Chair in Speech and Hearing Science at UCL, where he has worked since July of 1977. His research is broadly based in hearing and speech, however over the past 15 years or so, he has extended his work to more central auditory processes, and is involved in studies of functional brain imaging, and auditory processing in people with disorders of hearing, speech and language including auditory processing disorder (APD), specific language impairment and dyslexia.

If you would be interested in finding out more about Auditory Processing Disorder, please fill in the slip below and return to school by Friday 18th May. We would advise that this event is not suitable for children. We look forward to seeing you on 24th May.

Yours sincerely

Mrs M Woods
SENCO

Auditory Processing Information Event – 24th May, 7.30pm

I would like to attend the APD Information Event and require _____ seats (maximum 2).

Name of child _____ Class _____
