

Bishops Down Primary School <SC8862490a@schoolcomms.com>

Dear Parents and Guardians,

In line with the new GDPR requirements which came into force today, we have updated our school Privacy Statement, please see attached. It will be available on the school website after half term.

Thank you to those parents who are giving us useful feedback on the School Gateway app. We have had a few 'teething problems', as we expected but in partnership with you we are slowly eradicating these. We appreciate your patience as we embed the new system. After half term more clubs and school trips will become available via the app so please take the opportunity to download it during the holiday.

May I wish you all a restful half term.

Regards,

C Owen
