Maths homework in Year 4

Maths homework this year will take the form of a scheme called 'Big Maths Beat That!' This helps the children with quick recall of number facts. The children will have a quick test which takes around 5 minutes on a Monday and then take the same test on a Friday. They can practice the questions they answer incorrectly by taking the paper home and getting help from parents and guardians. Some children will accurately answer all the questions correctly so they aim to achieve quicker times each week they sit the paper.

The scheme runs for 10 weeks and can be rerun to increase accuracy and speed.
